# Featured Brewery :
# Isojiman Premium Sake Brewing Company

Shizuoka, Japan

*Isojiman Shuzo was established in Yaizu City, Shizuoka Prefecture in 1830 (Tenpo Era, First year). Like many sake breweries established in Edo Period, the owner of Isojiman Shuzo was a major landowner in Yaizu, and possibly the village headman.*

*Isojiman is born from the harmony between carefully selected sake rice, excellent water (soft water) from the South Alps in Japan, and the brewers. It is Isojimans' sincerest desire that all of our products convey the "Isojiman" image when enjoyed by customers. It is the fusion of tradition and leading technology, and the path from innovation to reality. Isojiman are constantly involved in heartfelt sake brewing by "putting forth a little more effort," in order to provide customers with even better products.*

# Takagi Shuzo, "Juyondai"
Yamagata, Japan

*It is not too much of an overstatement to call Takagi Shuzo one of the most influential sake breweries in the world. In 1993 fifteenth generation owner Akitsuna Takagi took over the brewery at the age of 21 when he was still a student, learning the art of brewing on the job. This was at a time when few young brewers were entering the business, and Takagi set out to make a distinctive sake, one that fruit forward and vibrant as opposed to the light and dry style that was popular at the time. The resulting brand was Juyondai, literally "fourteenth generation" in honor of Takagi's father calling attention to the long lineage of the family.*

# Kokuryu Shuzo

Fukui, Japan

*"If we make good sake, people will support it." That's been our motto since Kokuryu was founded in 1804. in the mountains of Fukui. It's an ancient land, nestled between snowy peaks and the Sea of Japan, not far from the main Soto Zen temple Eihei-ji. From a long tradition of sake brewing, Kokuryu today stands as one of the region's few survivors. We grow our own rice. We seek out special yeasts. And we strive for the best in brewing and maturation, hand-crafting only the highest-caliber sakes in small batches.*

*Shinjiro Torii was born in the Meiji Period, when Western culture and civilization suddenly flowed into Japan. In 1923, Mr. Shinjiro envisioned a whisky filled with the essence of Japanese nature and hand-crafted by artisans through a patient process of enhancing the work of nature. Though initially inspired by traditional Scottish whisky, Torii envisioned a Japanese approach by choosing a terrain and climate completely different from those of Scotland. Torii chose the region of Yamazaki, on the outskirts of Kyoto as the birthplace of Japanese Whisky.*
