MARINA BAY SANDS

WELCOME TO ARTSCIENCE MUSEUM

ArtScience Museum™ at Marina Bay Sands® is the museum that celebrates the intersection between art, science, technology and culture. Since its opening in February 2011, it has staged major exhibitions by some of the world's leading artists, including Leonardo da Vinci, Salvador Dalí, Andy Warhol and Vincent Van Gogh, as well as major exhibitions which explore aspects of scientific history.

ArtScience Museum is Southeast Asia's leading cultural institution exploring the interrelationship between art and science. Through its programmes of exhibitions, events, performances and education activities, it shows how the world around us is transformed by art, science, technology and culture. The museum's combination of striking architecture, award-winning design, strong curation and intellectual discussions makes it unique internationally. Featuring 21 gallery spaces totalling 50,000 square feet (4,650 m²), the iconic lotus-inspired building has played host to major international touring exhibitions from renowned collections in the world.

WHERE ART MEETS SCIENCE

Now Showing

CREATIVE AQUARIUM

Saturday – 4, 11, 18 & 25 Jun | 3:30pm–4:30pm

Celebrate the diversity of life and create your own digital sea creature. Join us as we discover what makes a healthy ecosystem and have fun putting together your own environments.

Complimentary to ticket holders of *Future World: Where Art Meets Science*. Up to 20 participants on a first-come, first-served basis. Register 15 minutes before workshop begins.

DROP-IN PAPERCRAFT ACTIVITY

Saturday – 4, 11, 18 & 25 Jun | 10am–2pm

Sunday – 5, 12, 19 & 26 Jun | 10am–2pm

Over the June holiday weekends, our Rainbow Room brings art, science and people together for enjoyment, learning and discovery through family paper craft activities. Drop in, make and take home your own fantastic art project related to themes from our permanent exhibition.

\$5 per pax. All children must be accompanied by an adult.

FUTURE WORLD

WHERE ART MEETS SCIENCE

Now Showing

Enter a futuristic world of high-tech artworks and interactive digital experiences created in collaboration with teamLab, a globally-renowned Japanese group of ultra-technologists and multi-award winning art collective.

Let the interactive artworks inspire your imagination, and open a world of playful possibilities through the adventure of exploration. Be immersed in a world of art, science, magic and metaphor through 16 cutting-edge digital installations.

SPOTLIGHT GALLERY TALKS

Saturday – 4, 11, 18 & 25 Jun | 2:30pm–3:30pm

Boundaries between art and technology are becoming increasingly blurred as new grounds are broken in digital artistic expression. Discover the ideas and themes in our permanent exhibition through this series of lively spotlight talks. Join us for interactive play happening at various exhibition zones.

Complimentary to ticket holders of *Future World: Where Art Meets Science*.

THE ART & SCIENCE OF GEMS

23 April to 14 August 2016

Van Cleef & Arpels

with the participation of the
French National Museum of Natural History

Explore the worlds of exquisite jewellery and their links to minerals at the *Van Cleef & Arpels: The Art and Science of Gems* exhibition. Co-curated with ArtScience Museum, over 450 stunning creations from Van Cleef & Arpels and 250 gems and minerals from the French National Museum of Natural History collection will be on display, showcasing the intersection between the science of mineralogy and the art of jewellery making.

PUBLIC GUIDED TOUR

ENGLISH:

Friday – 3, 10, 17 & 24 Jun | 3pm–4pm

MANDARIN:

Saturday – 4, 11, 18 & 25 Jun | 11:30am & 4pm

Sunday – 5, 12, 19 & 26 Jun | 11:30am & 4pm

Embark on a journey into the worlds of exquisite jewellery and their links to minerals. Discover the stories behind some of Van Cleef & Arpels' most iconic creations together with geology and mineralogy exhibits from the French National Museum of Natural History.

Complimentary to ticket holders of *Van Cleef & Arpels: The Art and Science of Gems*. Up to 25 participants on a first-come, first-served basis. Registration stickers will be given out five minutes before tour begins at exhibition entrance.

A DAY IN THE LIFE OF A MINERALOGIST

Friday – 3, 10, 17 & 24 Jun | 4:30pm–5:30pm

Discover the world of gemstones in this hands-on demonstration revealing the working methods and collection of a mineralogist. Try your hands at using tools to examine minerals and their physical properties.

Complimentary to ticket holders of *Van Cleef & Arpels: The Art and Science of Gems*. Recommended for children aged 6 and above. Up to 20 participants on a first-come, first-served basis. Register 15 minutes before workshop begins.

PUBLIC GUIDED TOUR

Sunday – 5, 12, 19 & 26 Jun | 5pm–6pm

Discover the significant and surprising ways data is dramatically changing the way we interact with each other and with the world. Join the guided tour for an insight into the opportunities and limitations of data as we explore what data means to us and our future.

Complimentary to ticket holders of *Big Bang Data*. Up to 25 participants on a first-come, first-served basis. Registration stickers will be given out five minutes before tour begins at exhibition entrance.

MAKING DATA FOOTPRINTS

Sunday – 5, 12, 19 & 26 Jun | 2:30pm–3:30pm

Understand the fundamentals of data in this hands-on workshop: what it is, how it is collected, and how it can be visualised. Experiment, get creative with various materials and share your data visualisation project with friends and family.

Complimentary to ticket holders of *Big Bang Data*. Recommended for children aged 9 and above. Up to 20 participants on a first-come, first-served basis. Register 15 minutes before workshop begins.

ARTSCIENCE ON SCREEN

ANIMA MUNDI

3 Jun (Various times)

1, 8, 18-21, 25-27 & 30 Jun (Screened on a continuous loop)

Anima Mundi is a short documentary film directed by Godfrey Reggio and accompanied by a continuous, original soundtrack by Philip Glass. Created by interweaving original images with existing footage from the naturalist film field, *Anima Mundi* is a cinematic homage to the boundless variety of species, systems and elements that together form a spectacular and harmonious whole.

The film was commissioned by Bulgari to celebrate the beauty of nature and support the Biological Diversity Campaign of the World Wildlife Fund (WWF).

WHALE RIDER

3 Jun (Various times)

10, 17 & 24 Jun (Screened on a continuous loop)

This Academy Award nominated family drama from New Zealand combines the magnificence of nature with cultural heritage. Set in the East Coast town of Whāngārā, *Whale Rider* tells the moving story of a young Māori girl who challenges tradition and embraces nature in order to find the strength to lead her people forward.

This special addition to *ArtScience on Screen* will be shown on a continuous loop every Friday during our June season of programming.

Free. Register in the Lobby.

ARTSCIENCE LATE

GET INSPIRED

7PM – 10PM

STROKES

Thursday – 23 Jun, 8pm

Get untethered as dharma, George Chua, Brian O'Reilly and Chowk collide in an experimental dialogue. Expect the unexpected as improvised movements and discordant sounds take on a life of their own, breaking into a sonic visual symphony. Expand your consciousness this ArtScience Late.

Free. Register in the Lobby.

#ArtScienceLate

SUNDAY SHOWCASE

WHAT'S YOUR STORY?

Friday–Sunday, 5–7 Jun | 10am–7pm

A group of alumni from the School of Interactive and Digital Media (SIDM) shares the story of how digital media specialists: concept artists, game developers, interactive designers, and animators, work with ideas and build up to their final works in the creative industry. Presented through digital projection mapping, sensory processing installations and interactive games such as *Monomino* (featured in the image above), engage with creators of the works and find out what inspires their stories.

Free. Register in the Lobby.
