Design Highlights

- The hotel has sloping towers and straight legs connected at Level 23 to form a single building.
- In hotel Tower 1, the slope is as steep as 26 degrees, making it one of the most complex hotels ever built.
- During its construction phase, Marina Bay Sands built one new hotel floor every four days, the fastest pace ever for a development of this scale in Singapore.

The Best Views of Singapore – Sands SkyPark

The Sands SkyPark is an architectural masterpiece sitting on top of the three hotel towers at Marina Bay Sands. This 1.2 hectare tropical oasis is longer than the Eiffel Tower and is tall and large enough to park four-and-a-half A380 jumbo jets. It extends to form one of the world's longest public cantilevers.

Sands SkyPark:

- Built at the height of 200 metres;
- Its lush, landscaped gardens are home to 150 trees and 650 plants
- Offers a total of 12,400 square metres of space—big enough to fit three football fields

Fact Sheet

- A ticketed public observation deck that can host hundreds of people
- Hotel guests have the exclusive use of a 150-metre infinity swimming pool, the world's largest outdoor pool at that height
- Acclaimed restaurants include Spago by Wolfgang Puck, located at Tower 2, which offers Californian cuisine with global accents
- LAVO Italian restaurant and rooftop bar sits at Tower 1, offering a 'vibe dining' experience complete with a luxurious lounge and exciting nightlife programming including live DJ sets.
- Atop Tower 3 sits *CÉ LA VI*, the über-cool lounge/restaurant that is hailed as the leading lifestyle destination in Asia.
