

The Bird

Introduction

James Beard award nominated restaurant group 50 Eggs makes its first venture outside of the United States with The Bird Southern Table & Bar at Marina Bay Sands.

Located along the Marina Bay waterfront at the South Promenade of The Shoppes at Marina Bay Sands, The Bird brings the best of Southern culture and cuisine to Singapore in a casual and inviting atmosphere overlooking the glistening Marina Bay waters.

Diners can enjoy Southern U.S. classic dishes, including the famous 100-year-old recipe **Lewellyn's Fine Fried Chicken, Shrimp 'N' Grits, Buttermilk Biscuits, and Butter Lettuce and Grilled Mango Salad**. Amongst the classic southern favorites, The Bird offers selections with an inventive spin on local cuisine inspired by Kunkel's travels to Singapore.

The Bird's extensive beverage program serves the highest quality hand-crafted cocktails, including the classic **Blackberry Bourbon Lemonade**, The Bird's **Old Fashioned with Bacon Infused Bourbon**, and **Watermelon Sling**, alongside cocktails reflective of the Singapore culture such as **The Japanese Porkchop**, made with Yamazaki 12yr, dijon mustard, Marugoto Shibori Yuzu, unfiltered apple cider and fresh thyme.

The Bird also boasts one of Asia's most impressive selections of bourbon and many sought-after spirits from around the globe. Among the multitude of signature bourbon options, guests will discover rare favorites such as *Pappy Van Winkle*, Jefferson's Aged at Sea and rare expressions of Blanton's.

Designed to incorporate modern-rustic design with industrial touches, The Bird uses familiar textures and colors signature to 50 Eggs' flagship locations, including accents of reclaimed wood, recycled machinery parts and mason jars, while incorporating additional greenery and live plants unique to the cultural roots of the signature Singapore gardens.

The two-storey restaurant offers two levels of expansive dining spaces. On the lower level, guests can experience a lively setting that sits 110 guests, including a private room that can be configured into two rooms for 6 to 10 guests each, a 30-seater semi-private dining room and an exclusive 12-seater bourbon bar. Upstairs, a vibrant dining space looking out to the waterfront promenade can host more than 80 guests, including alfresco seating. Guests can enjoy a tipple or two after-hours, while taking in stunning views of the Marina Bay cityscape.
